*Simeon surgical light, IDI's Compass Contour  
Radiation Shield, IDI's 100-4T Interventional/  
Endovascular table w/ rectangular tabletop.*

## Optimize your visualization

The SKilex ceiling-mounted video integration system provides the powerful visualization found in hybrid operating rooms, ASCs, OBLs and image-guided interventional suites.

The SKilex 55" 4K, ultra-high definition monitor increases clinical detail and ease of visualization.\*

*\*When compared to a 27 inch HD monitor.*

VISUAL INTEGRATION PRODUCTS

See what you've  
been missing!

Our powerful, integrated BIOS system simplifies infrastructure. Skilex reduces cost and allows for up to four inputs simultaneously all while providing layout options that optimize procedure visualization for the surgeon.

Various screen layouts are easily chosen with a simple hand-held remote-control.

The Skilex ceiling-mounted system simplifies room setup. The robust arm's intuitive and easy brake-release system and the reach provide the flexibility you need to maximize surgeon visualization and comfort.

Single location for  
up to 4 inputs

Optimized workflow

Reduce cable clutter & simplify your setup

Easy monitor positioning
